My condolences to the Baker Family, i am so sorry for your loss. Kenny you were my Mustang Brother, sadly I have just recently learned of your passing. Your name has echoed in my mind for months, telling me to call you to catch up on things. My work has pulled me away for too long this time. I know your in Heaven now and your watching down on us. I remember all the Route 66 car shows we used to go to and the endless conversations we had about cars and women. I love you my friend and i will always regret never getting to say goodbye. You truely inspired me. Love, Jason Corsentino

Sending my prayers and condolences to the entire Baker family. Please know I am very sorry that I could not attend the service for Kenny Lee today; I wish I could. Health prevented me from attending. But, I wanted to share this. I remember Kenny Lee from when I was a young kid, and he was always a kind-hearted, compassionate individual. That is what has always stood out in my mind about him. It is something I remember about him when I would visit my great Aunt Betty and Uncle Kenny. I loved him like I loved everyone in the family, and prayed for him every single time I prayed. I also want to say that I am praying that the God of Grace and Comfort comforts everyone who knew Kenny Lee more than I did. As an individual with a serious chronic illness, God helps me live through each and every day, and I believe Kenny Lee is with our Blessed Lord and Savior right now. I want to share this verse: 2 Corinthians 1:3-4 "Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort; who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God." Please let this be an amazing comfort to everyone today and always, as I know it is to me during this time and everyday. May God continue to richly bless all of you and all of your loved ones and keep you all safe. In Christ's Love, Jillian Erin Baker

I knew Kenny for many years, through all his pain, his trials, his problems and all the walls that were thrown in his way, he always got out to see his friends and help with projects with that same smile and cheerfull attitude as much as he could. I say good night to a strong willed mustang man and good friend to me and to Inland Vans Berdoo as well as many other clubs and car guys everywhere. Party down Kenny....your pain is gone and you can walk with the friends who preceded you in your path to heaven. RIP

Kenny "Mongoose" Baker.... one good dude that would do anything for a friend. 35 years in that chair and always kept that big smile, especially for the ladies. Kenny has been an inspiration for anyone in a chair as well as anyone out of a chair. Your now in no more pain and don't need that chair anymore. Love you, Steve Portias
