To my dearest beloved Juvy, it was a blessing to have had you in my life for 21 years. You were always kind, brave, funny and always elegant. I have learned that when life gets hard you always confront it with braveness. Even through your last days you showed me how to be faithful, positive, and brave. I am also blessed to have 2 beautiful daughters that remind me so much of you. I see all your good qualities in them. I will always love you and you will always live in my heart. You were my example of how I should live my life because you were perfection. Rest in peace my beautiful dancing angel. Love always, Ade Villar

I just wanted to say how thankful I am to have such a wonderful mother as you. You were always there for me even when it would have been best to turn your back on me. I will never forget your kindness and I hope that one day I will be as kind as you. Even though you have left this earth I know that you are in a better place with a renewed body, dancing with the angels. Mom, I miss you so much.

Dear Mom;I just wanted to tell you how much I love you and miss you. I want to thank you for all the great lessons in life you taught me. First Lesson was to have and maintain a relation ship with God." You are never too smart or strong to get through life without God". Second Lesson: Always love and take care of your family. Third Lesson was always have a sense of humor and to enjoy life.As your children you always made us feel warm and safe. You loved us differently in your own special way. You have done so much for us and for so many people for so long. You are loved by so many.When things got really bad in life you taught me to "dig deep and push through" Dig deep meaning ask the Lord to guide me and help me through it. Push Through meaning no matter what, persevere and do what is best for my family.My dearest and most beautiful mother, I love you with all my heart and soul.Your middle childBarny
