# Wayne Allan Burnett, Sr

JUN 14, 1937 - APR 20, 2016

**O**n the morning of April 20th, 2016, Wayne Allan Burnett, Sr., passed away from natural causes at his home in San Bernardino, California. He was 78 years old. Wayne is now at peace and rest in the loving arms of his Savior, Jesus Christ, and happily reunited with his daughter Stephanie Burnett Lucas.

Wayne was born in Fort Scott, Kansas, to Helen Burnett (Maloney), on June 14, 1937. During Wayne's high school years, he was a star athlete playing on Fort Scott High School's baseball, basketball and football teams. He graduated from Fort Scott High School in 1955, and enrolled at Fort Scott Community College (FSCC) in the fall of that same year. Continuing his natural talent and passion for sports, Wayne played both basketball and football at FSCC. Neil Dikeman, of the Fort Scott Tribune, described Wayne as a "good hustling freshman from Fort Scott, 5-10, 167-pound guard who doubles as a football quarterback—quick, fast and aggressive. A good ball handler and shoots well off drive. He will definitely be a cog for the Greyhounds." In 2006, Wayne was inducted into the Fort Scott Community College Athletic Hall of Fame for both football and basketball.

After attending FSCC for two years, Wayne transferred to Pittsburgh State University (PSU) where he achieved one of his greatest accomplishments by winning the National Association of Intercollegiate Athletics (NAIA) Championship bowl, in 1957, as a player on the Pittsburgh State Gorillas football team. In 1960, Wayne graduated from PSU with a bachelor's degree. Though a gifted athlete, he passed up the opportunity to play professional football in order to take care of his family.

In 1960, Wayne joined the U.S. Army's 101st Airborne Division, the Screaming Eagles, as a paratrooper. One of his proudest moments as a Screaming Eagle was having the opportunity to jump with General W.C. Westmoreland, who most notably commanded the U.S. forces during the Vietnam War. Wayne held jobs as an ambulance driver, Sunday school teacher, collections officer, and group home worker. However, it was his 30 years as a psychiatric technician, with Patton State Hospital, that had the greatest impact, and where he made many lasting friendships.

## Obituary

**Wayne Allan Burnett , Sr**

JUN 14, 1937 - APR 20, 2016

Wayne was an extraordinarily kind man, who was known to give the shirt off his back and open his home to anyone in need. No one was considered a stranger to Wayne because he showed compassion to all those he encountered. Wayne had a knack for making friends, which resulted in him having friends from every walk of life and corner of the globe. Likewise, he had a special way of making people feel like part of his family, which is how he lovingly became known as “Pops”. Wayne always had jokes, and could play anyone under the table when it came to dominos. Wayne was a father, grandfather, great-grandfather, brother, uncle, and friend. He was loved by all those fortunate enough to know him, and will forever be missed.

In 1955 at Fort Scott High School, Wayne and I became best friends. In 1962 after becoming a registered nurse I enlisted into the army and made arrangements to be stationed at Fort Ord, California to be near my friends. I met my present wife, Clifford, at Fort Ord in 1962 and took her to San Bernardino in 1963 to meet Wayne, Beverly and family. After meeting Clifford, Wayne became our friend, not just my friend. I left the Army in 1971 and move to Cerritos, California, living there until 1978. We have been in contact with Wayne up until his demise. Wayne and Peggy visited us at our home in Brownsville, Texas in the 1990's. Wayne has always been a kind person and a lots of fun to be around. He will be greatly missed. Our prayers is that God will heal Wayne's children, grandchildren, x- wife & loved ones broken hearts caused by his departure from this life. Clifford and I were so profoundly touched by reading the many memories others had written about Wayne. They inspired and ministered to us greatly. What a Legacy my friend Wayne has left us. I am very much inspired by how this friend of mine had touched so many lives. Rest in peace my friend. I pray that my life touch and inspire people's life as you had Wayne. Wayne Burnett and "Red" Barger saved my life after I was attacked by a violent patient at work and ended up with a skull fracture. After the attack, I was unable to work for a while or function as a normal person. I had two small sons that I could not fully care for while I was healing. Wayne was there to cook, clean, help with homework and take over the everyday duties along with caring for me and doing everything he had to do for himself. When my brother, George had a massive stroke at the age of 47 and spent 3 months in the brain trauma unit at Loma Linda Hospital, I would sleep there at night and every day at 5:30 am, Wayne would show up to relieve me so I could go to work and I would come back to the hospital at 4:30 pm so Wayne could go home.. He helped my brother (who was not his relative) immensely in his recovery and never once took credit for all he had done for my family. We had great times, loved the same type of music and shared the same friends. Wayne provided love, comfort and a sense of security for my children and I. Although my children's father is alive and well, when someone asks them who their father is, their answer is "Wayne Burnett", (the man who played the role of a real father and had the greatest influence on their lives). We credit Wayne with their successes as men. Over the years, I could always call Wayne at any time and from the beginning of the conversation I could hear the warmth and pleasantness in his voice. He always ended the call with a heartfelt "I'll always love you, dear". I wish I had known how truly ill he was and regret that I did not put in a greater effort to go and see him before his passing. I loved Wayne Allan Burnett, Sr. more than he ever knew! His family is blessed to have had him. Sincerely, Verna G. Ligon

My thoughts and prayers go out to Wayne's family and friends. I only have good things to remember about Wayne. We played many softball pickup games. We went to Fort Scott Junior College (JuCo) together where he won so many awards for his football success. Wayne never left the football game, he started both ways as a half back on offense, defensive back, punter and kicker. I had the honor to be able to nominate Wayne to the JuCo football hall of fame. He was a starter on the basketball team and always guarded the best player on the other team. I asked him why he didn't go out for the track team and he said he only liked team sports. I can't think of any family that I know of that had three sons (Bobby, Bernard and Wayne) who graduated from college and served in the Army. We would visit at the reunions and talk on the phone. I would call him on his birthday, June 14th, which is Flag Day. He liked being born on Flag Day. We would relive our youth in Fort Scott. Our phone conversations always started with the weather. He asked what the weather was in Kansas and sometimes it was cold and windy. Then he would tell me he was in the front yard with his feet on his Chevy pickup wearing a t-shirt with the sleeves removed. I could go on and on about Wayne, and would never say anything bad about him. At the JuCo football induction ceremony, I closed by saying, "If you had the opportunity to visit with Wayne for a few minutes, you would like the man. He is sincere, honest and easy to visit with. Wayne is a man's man." Rest in peace. See you soon, old friend! Norman

Wayne and I met in 1968 at Security Pacific Bank where we both worked and were assigned to repossess cars. We had so many things in common that we felt like we had known each other all our lives. Wayne became my best friend ever. We bowled together, shared telephone calls frequently even after I left Calif. Wayne was a practical joker and always found a way to make one forget one's troubles. I will never forget one day he calls me at five in the morning to tell me that he was taking his wife Peggy to the hospital, that she was ready to deliver their baby. I got up, got dressed, and hurried over to the hospital where he and Peggy were in the labor room of the hospital. I stood on one side of the gurney and he was on the other side, we were both holding her hands. The nurse walks in and informs us that Peggy is ready to go to the delivery room and since Wayne had taken the class to help deliver the baby, the nurse told us that only the father of the child could go in with Peggy. I told the nurse that we didn't know who the father was and that if the child was black, it was his and if the child was a Mexican that it was mine, she looked at Wayne, looked at me, and shook her head and said "okay, follow me". Needless to say I didn't follow and when "Jason" was born he was very light-skinned and curly hair. We always laughed at the expression on the nurse's face. I shall never forget the special friendship we had. I called him a week before he died and he asked me if I was coming to Calif. for our yearly birthday celebration. His birthday is June the 14th, mine June the 10th, we always celebrated our birthdays on the 12th of June. This last call he asked me, when is your birthday? Broke my heart, because I knew Wayne never forgot our birthdays. I shall miss your kindness, our friendship, our visits, and all the crazy stuff we used to do. And like we always finished our conversations/parting "I Love You My Friend". Rest in peace, we shall see each other soon!. Narciso "Sandy" Sandoval
