I will miss Tonya. She would make me laugh when I saw her, she would tell me stories about the family and crazy things she did. I will also miss the mocha candy that her and her mom would make through the holidays and every time I see high heels I will remember her. The last time I talked to her was on the 19th. She told me that me and my family were always welcome to her home for swimming or just to visit. She was worried about my mom and wanted to know if she was ok because she said she lost some friends the month of October and was worried about a friend Margrett because she was laid off. The last thing she said to me was not to worry about her, she was blessed and thanked me for being there for her and she had all the little high heel shoe gifts I gave her. She was a very special person and my heart goes out to her family. She will never be forgotten, such a beautiful person to leave us.
