A friend is someone who we can rely on in good times and bad. A friend is someone who we can confide in without any hesitation. Having a friend like Lori is the best feeling in the world because we know that we are never alone. Lori may not have known it, but I counted her a friend. She will be missed!

I started with the county in 1987 - Lori was one of my first Supervisors as a worker, and one of my first DMs when we both promoted. She was easy to talk with, and One of the few who actually listened - she was fair, and funny. Things came full circle when she helped me with my retirement paperwork. So young, my thoughts and prayers to her family. I'm so sorry. Peggy Smithson

Lori was the first person I met when I came to PSD 15 years ago. She was with us as we waited for our interviews and she was so nice and helped us stay calm as we waited for our turns. Each time I saw her after that she was always very friendly and nice. I am very sorry for your families loss.
