Dear Michelle & Jessica, I was so very sad to hear of your loss. Mike always had a smile on his face and just gleamed when he came to Teddy Bear Tymes to pick up Jessica from school. I will never forget the first time I got the pleasure of meeting Mike. It was during the "big fires" up here by our house and I had gone by your house to check on you guys. Mike answered the door and I told him that I was one of Jessica's teachers at Teddy Bear Tymes and I just wanted to check on you guys because I knew some houses had been lost in your neighborhood. He told me that you and Jessica were taking a nap. He told me how nice it was for me to come by and check on "his girls" to make sure they were safe. He walked me out to my truck (a lifted chevy) and said, "wow, is that your truck? We must have talked for at least 20 minutes about my truck. He was so funny and so in love with "his girls"!! One day he got into town early and surprised Jessica by coming to get her early. Man, was he excited to surprise her!! He just loved Jessica so very much and it showed!! May your fond and funny memories get you through your time of grief. Always remember the love you shared for one another and know that you have lots of people who love you guys and who are here for you. May God watch over you always. Sincerely, Ms. Michele Kirkland (TBT) ##imported-begin##Michele Kirkland##imported-end##

Dear Scray Family, I have many fond memories of your family and am deeply sorry to hear of your loss. I happened to run into Mike when I was working at San Manuel Indian Casino and he was one of the air conditioning/heating techs that would come out to service our units. I really enjoyed the conversations that we had and reminiscing about growing up on 38th Street. Please know that you are in my thoughts and prayers. Dear Beverly and family, We have known you for many years and cherish the memories of all the children. George drove me to the hospital, St. Bernardine's, when Jim was born. You kept Jill and Greg with you at your home while Dimitri returned from his business trip to Boston and I was in the hospital. I remember the chickens in your yard, and your lovely family. We are sorry to hear of Mike's death. You have our sympathy. God bless you all. Michelle, There are just no words to take your pain away. And that is what I wish I could do. I have had to say goodbye to several loved ones but never my life companion, never my lover, never my son's father, never my best friend. This pain I don't know - can only imagine. I do know as days pass, the pain will eventually lessen but the memories will always be there. Every time you look into Jessica's "sparkling" eyes, every time Jessica reaches a goal, achieves greatness, smiles, hugs you, you will remember Mike's love for you and Jessica. Anything you ever need - I'm there for you and Jessica - know this now and always. Love always from your favorite baby sitter Jan.##imported-begin##Jan Garmon##imported-end##
