Ray Centeno posted:

To my big sister, you know what you meant to me. And I know what I meant to you. I thank ALL 3 of my sisters for helping raise me. But Becky was like a mother to me. I would thank her every Mother's day for the life she gave me. I was a year old when she graduated from high school. She went to Richards Beauty College. And soon after was married and starting her life . But she never forgot about her lil brother. She often picked me up on weekends. And I got to hangout with her step-son. She would take me on her family outings and vacations . And took me to my 1st of many baseball games. Thank you for all the memories. I won't forget all the homemade birthday cakes she made me. And the 25 years of haircuts. Come to find out she cut everyone's hair. I have cousins that tell me haircut stories. Always enjoyed my visits with her while sitting in her chair. But it doesn't end there. In 1987 she gave birth to the love of her life - Robby. She was an amazing mother. She had plenty of practice on Sita and I LOL. She loved watching Robby play in all the sports he was involved in. I went to as many of his games that I could. I could go on and on with stories. I only ask that , Jim doesn't let their grand daughters ever forget her . My deepest condolences to Jim, Robby and the family.

This is my sister Rebecca, I will miss our late night text or phone conversations we had and her little videos she would always send to me. I will miss seeing her and shopping thrift stores together. I will miss her creative ideas she had and her willingness to share. I will miss her at all the birthdays and holidays as we always shared them all together. I will miss her but will always carry her wherever I am in my heart ❤️ Love you your sister Rachel
