# Lori Gail Fletcher

NOV 13, 1953 - JUL 30, 2025

**A**fter putting up a fierce fight against cancer, Lori

passed away on July 30, 2025. Her strength and her love for her family gave her the will to fight until she just couldn't any longer.

Lori was a lifelong resident of San Bernardino until she moved to Highland to accommodate her expanding family. Her grandchildren were a constant joy. After being the best auntie to her sister's grandkids, she finally had some grandkids of her own to spoil, and she didn't waste a single opportunity to do so.

Children were her life. She met her future husband Joe and fell in love with the students, and him, while working as his classroom aide. Later she worked in a classroom for kids with special needs where she found her

true calling. She left the classroom and began working with the Workability program, which helps prepare high school students with special needs for employment in the real world. She was loved by the students and respected by the adults, so much so that she also became active on state level committees for several years. Even after she retired, she continued with the state committee for a few more years, always advocating for her kids.

Lori's other passion was her family. Her world revolved around her family, and the family revolved around her. She is survived by her best friend and husband Joseph, their two sons Tim (Jessica) and Adam (Heather,) their grandchildren Emmy, Arden, and Leif, sister Diana, niece Jae, and great-nephews Trevor and Jackson. Service will be at Bobbitt Memorial Chapel. In lieu of flowers, please make a donation to the American Cancer Society or Redlands Community Hospital.

**Julie Hernandez** lit a candle in honor of Lori.

I met Lori through my cousin Vanessa. I liked her from the first time I met her. She always greeted my family and I with a big smile and was always so happy! No doubt she fought with everything she had. She was beautiful inside and out . She will be missed very much♥

Such a sweet, kind, and caring lady. I'm shocked at her passing. I enjoyed working with Lori in the WorkAbility program in Rialto. She brought such caring and concern to all of the students. May God give all of the family peace and comfort during a most difficult time. Debbie Schwartz
