“ I remember when I first met you. You were intimidating at first because you were on the go and none stop! I hated my job at Amazon. But spending 6hours with you was a blast we would talk and laugh all day! I'm sorry that this had to happen to you. I don't know you as well as I may have but I can truly say I love you we all love you! I'm still in denial about this! I remember the last day I saw you. You were working as problem solve I stopped and gave you a hug talked a bit. The sad thing is you seemed perfectly fine. To Luis, I'm sorry brother we may not know what your going through and we understand that your stuck and feel like your drowning. But the truth is we are all stuck under this abyss. It's hard for us to breathe at this time. But if there's anything you need don't hesitate! Rest in peace to the beautiful suki! We love you gift wrap queen!

“ I met Suki a few times through Veronica but always felt she was a very positive spirited young lady.

“ Dear Suki,
I remember you as a little girl when you attended Our Lady of the Rosary catechism class. I remember when all the children gathered in a round circle holding hands to recite the Lord's Prayer. You always had a beautiful smile that made God so happy. Now God has welcomed you home with the same beautiful smile. May your soul now rest in eternal peace in paradise. Your passing has caused much pain and sorrow for your family and friends. I pray that they realize how much God loves you and that they rejoice knowing that your soul is in heaven.
