“ I met Terry about 7-8 years ago at the Rotton Oak in Highland, Ca. There we drank beer, talked about fixing the world's problems, compared our jobs, watched football, argued with Glenn, Mark, Juan, Scott and Katie, we drank more beer, we were a very happy group of people. The last time I spoke with Terry I tried to convince him to sell me his Remington M788 22-250.....he refused, DAMN ! When Howie told my son and I yesterday that he had passed, I fell apart. We didn't really know each other very long but we were good friends. We discussed our futures, our likes, dislikes, what we wanted in our lives.....

Rest peacefully, my friend.

“ I had the pleasure of working with Terry for almost 5 years. We were finally were able to meet in person during our company trip this past October. Definitely happy we were able to have that beer bro. Going to miss our chats, your Yoda lingo, it definitely won't be the same without you. You were a ton of fun and never held back, Rest In Peace brother.

“ The summer before I started kindergarten we lived one house down from the Hill's. Since Terry was about 6 months older than me, we became good friends. I remember playing all summer and into the fall. I think we moved before I started first grade, but I remember how much fun we had. Later we were friends with different groups but stayed friendly. I will always remember him for that year and how good a friend he was.

“ Terry always had a stern look on his face, but underneath was a marshmallow. He was kind, respectful and love to talk about sports. He will be missed.

I send my condolences to family and friends. You all are in my prayers.

“ Terry was a very special person who never hesitated to drop what he was doing to help with a rush request or to answer a question. Everyone who worked with him appreciated his kindness. We were all shocked and saddened with the news of his passing. The RECOR Testing Teams send their love and prayers to his family.

“ I've shared this memory so many times but I'm going to share again. When Terry first started working for GE Capitol Mortgage I was in IT. I saw him walking towards me with an Oklahoma Sooners shirt on and because I lived in Nebraska 10 years of course the first thing out of my mouth was GO BIG RED!!! that's the day we became friends and remained friends forever. My kids became friends with him and stayed friends with him all these years. He was someone I could talk to about anything and I think he felt the same about me. He was a true friend and I loved him. He loved to give me crap but I did the same to him I think thats what made us so close. I'm going to miss my friend very much and can't believe I won't hear hey ya'all anymore.
